

ConFestival on the EUPC

01.08.-05.08.2012

Dear Dragon Dreaming Community, let's come together to celebrate John's work of the last four years. He will leave Europe and his dream is to bring the community together, so that he can leave Europe knowing, that the work is continuing and that the seeds of Dragon Dreaming are growing fast.

PROGRAM IDEAS

Thursday 2nd August

1. Keynote speech in the morning by John – will be on the theme of “Dragon Dreaming and Permaculture: an Australian marriage made in heaven”.
2. A live Dragon Dreaming session for the community Esherode in the afternoon – as the hosts of the EUPC (a part of the Open Space Session) – revisiting the previous Dreaming Circle they did, celebrating what has been achieved and updating with new directions with a Dream Circle and new Karabirrdt.

Friday 3rd August

3. That on the Networks Gathering Day – those from the Dragon Dreaming Community (and other interested people) would have a presentation on the Empty Centred Organisation for Dragon Dreaming and the Launch of the new Dragon Dreaming platform.

Saturday 4th August

4. That on the Public Day – Dragon Dreamers have the opportunity to present their projects to other Dragon Dreamers and the general public.

You also can stay the whole time of the EUPC. Our idea is to have three days of an intensive time with Dragon Dreaming. Let's come together to the first ConFestival (a mix of Conference and Festival) for the initiation of an annual event that will be for the ongoing support of our Dragon Dreaming community.
